NATIONAL MICROSCHOOLING CENTER

PREFERRED PROVIDER OPTIONS

WELCOME TO THE CENTER

NATIONAL MICROSCHOOLING CENTER

1. PREFERRED PROVIDER

The Center team will review your materials and your products/services before notifying you of your eligibility to be a Center preferred provider. We do give preference to providers that offer a discount exclusive to Center member microschoools.

Preferred Providers receive:

- Listing in our preferred provider directory, which is available to members on our member portal and also available to the public on our website
- Center staff will post information about your product in our exclusive members' group
- Occasional opportunities to speak at member meetings as requested by members.

Cost: \$1,000 annually

We do occasionally ask preferred providers to be partner providers. This option is available by invitation only, has no additional cost and comes with additional benefits. Partner providers are often exemplars in their field and substantially discount their services or product for Center members.

NATIONAL MICROSCHOOLING CENTER

2. NONMICROSCHOOL MEMBER

This option is for any provider looking to be more involved with and learn more from the Center. Center team will review your materials before notifying you of your eligibility to be a Center nonmicroschool member. Nonmicroschool members may share Center's intellectual property with proper attribution and pending the Center's prior review of all materials or communications referencing it.

Nonmicroschool members receive:

- Preferred provider listing (if applicable)
- If requested by our group, access to speak at a member meeting
- Access to a group of National Microschooling Center microschool members (if offering a discount for members) and other nonmicroschool members to learn with, receive feedback from, and share your product with
- Quarterly reports with microschooling insight

Cost: \$5,000 yearly

3. MICROSCHOOL PROVIDER NETWORK MEMBER

This option is specifically for provider network microschools, established and/or growing their network of microschools. Provider networks may share Center's intellectual property with proper attribution and pending the Center's prior review of all materials or communications referencing.

Provider Network Microschools receive:

- Membership for all your microschools
- Listing in our network directory
- Access to our learning tools for all your campuses
- Access to our training materials and resources
- Quarterly meetings for network CEOs
- If you request Center help in growing your network, please contact Ashley at ashley@microschoolingcenter.org to discuss consultant relationships.

Cost is determined by the number of campuses and the services each campus will be using.

NATIONAL MICROSCHOOLING CENTER PREFERRED PROVIDER OPTIONS

Ready to discuss your options? Contact the Center's Director of Microschool Leadership Development and Supports, Kathryn Kret, for more information.
